**Organic Natural
 Supplements**

Physica Energetics take exceptional care in the selection of raw materials, and extensive purification is utilized to make sure soft gels, capsules, and ingredients are free of contaminants and pollutants. They are also Kosher, Halal, ISO 9002, Pharma DMF Canada, and GMO- and BSE-free certified. They are organic when possible, and Physica Energetics is committed to respecting the "whole" of the natural ingredients. Other companies may employ complex high heat purification processes, bleaching, deodorizing, fractionation, etc. to deliver an acceptable product. This extensive processing can break down the beneficial compounds in their products. Some manufacturers then attempt to add back specific vitamins or antioxidants, but the benefits of the "whole" are lost forever.
