Nat Body CLR

Organic or Wildcrafted Herbs to Support the Primary Elimination Pathways
Formulated with Dr. Patricia Fitzgerald, featured in "The Detox Solution"
180 Veggie Capsules NPN 80030280 Legacy Series

Matrix Nutritional

Systemic Cleansing and Detoxification

Matrix Nutritionals Series was designed as an eclectic offering for the Physica Energetics line of remedies primarily to assist in the "reactivation of the mesenchyme" (Dr. Reinhold Voll), via the nutritional complement pathways. These pathways are present in every system throughout the body and require balanced attention. In keeping with the principles of BioEnergetic Medicine, the remedies nourish and support these systems without punishing them with overstimulation or imbalancing factors, which, ultimately, is counterproductive. This approach has been carefully and respectfully designed to provide the necessary natural (organic where available), synergistic factors in proper energetic and biochemical ratios, to ensure assistance towards yielding a deep and lasting result. They are not to be confused with replacement therapy nutraceuticals that may seem to help for the moment, until the patient stops taking them or the condition is driven deeper. These remedies honour The Legacy of BioEnergetic Medicine, and are known by both patient and practitioner to be exceptionally effective.

Patient Reference

"The number one source of misery and decay we are witnessing in our society today is autointoxication – self-poisoning caused by microorganisms, metabolic waste and other toxins in the body."

Dr. Bernard Jensen

Efficient digestion, detoxification, and elimination are critical in the maintenance of health and prevention of disease. Over consumption of processed foods, exposure to chemicals, pharmaceutical drugs, Candida, parasites, bacteria, oral contraceptives and emotional stress all affect the organs of detoxification and lead to an overburdening the system.

Dysbiosis and passive leaky gut patterns, resulting from chronic digestive insufficiencies, add further trauma to the body and lead to the seepage of toxins into the bloodstream. This poisoning of the system by internal toxins is called auto-intoxication and can have severe detrimental effects on the liver, kidneys, lymph, immune system and essentially all organs and systems of the body.

When detoxification and elimination processes via the liver and intestines become overburdened, the body may attempt to release toxins via the skin. Rashes, acne, eczema and other skin conditions are a clear sign that the normal routes of elimination have been compromised. Fatigue, weight gain, hypoglycemia, PMS, muscle and joint pains, high blood pressure, etc. are all symptoms of impaired detoxification. The toxic overload also affects the immune system, resulting in a higher incidence of infections, asthma and allergies.

Almost all disease results from compromised liver function, including Cancer, heart disease, Arthritis, thyroid disease, and Chronic Fatigue Syndrome. It is thus apparent that relieving the liver and organs of detoxification from their overburden and restoring proper functioning is crucial to prevent disease and maintain optimal health and vitality.

Nat Body CLR is a synergistic blend of organic or wildcrafted herbs designed to open up and gently cleanse the primary detoxification pathways, while nourishing the liver, gallbladder, kidneys, spleen and pancreas.

Botanical ingredients traditionally used in Native American and Ayurvedic healing stimulate digestion by enhancing bile production and secretion of pancreatic juices, tone the organs of digestion and elimination, support Phase I and II liver enzymes, cleanse and purify the blood, enhance immunity and provide essential vitamins, minerals and antioxidants rebuild and repair damaged tissues.

Nat Body CLR provides optimum nourishment and support to enhance detoxification and eliminative processes, assisting in the restoration of proper function to the liver, thus restoring balance and vitality to the entire body.

Nat Body CLR combines with *Nat Colon CLR* to offer gentle cleansing and exceptional nourishment the organs of detoxification and elimination, reducing the incidence of disease and enhancing optimal health and vitality.

Ingredients:

Artichoke Leaf
Barberry Root
Dandelion Leaf
Gentian Root
Milk Thistle Seed

Rosemary Leaf
Schizandra Berries
Turmeric Root
Yellow Dock Root
